Signing up for a paid subscription of SaaS Backup for Salesforce

You can sign up for a paid subscription of SaaS Backup with Salesforce or with your NetApp SSO account.

To complete sign-up process, you must have the serial number supplied when you purchased your SaaS Backup license or the activation code supplied when you signed up for a free-trial version.

Signing up for SaaS Backup with Salesforce

Steps

1. Enter the SaaS Backup URL into your web browser:
<https://saasbackup.netapp.com>
2. Click **Sign up** at the bottom of the page.
3. Select your region.
4. Read and accept the Terms of Service.
5. Click Salesforce.

6. Enter your username and password for your Salesforce account with system administrator privileges and click **LOG IN**.
7. Click **Allow** to grant SaaS backup access to your Salesforce organization.

Allow Access?

QA1 is asking to:

- Access your basic information
- Access and manage your data
- Provide access to your data via the Web
- Access and manage your Chatter data
- Provide access to custom applications
- Allow access to your unique identifier
- Access custom permissions
- Access and manage your Wave data
- Access and manage your Eclair data
- Perform requests on your behalf at any time

Do you want to allow access for
sfdccustom@gmail.com? (Not you?)

Deny

Allow

To revoke access at any time, go to your personal settings.

8. Complete the registration form and click **Sign Up**.

9. Click **Salesforce**.

If you have a paid subscription, click **Licensed**. Enter your user name, password, and the serial number of your license and click **Validate Subscriptions**.

10. Select your backup storage option.

You can to Bring Your Own Storage (BYOS) or you can use SaaS Backup provided storage. SaaS Backup only supports Amazon S3.

11. If you select SaaS Backup provided storage, select your region.

If you selected a BYOS option, enter the requested information and click **Test Connection**.

12. Click **Next**.

13. Click **Save**.

Signing up for SaaS Backup with NetApp SSO

Steps

1. Enter the SaaS Backup URL into your web browser:
